

How to save work onto your child's dojo account.

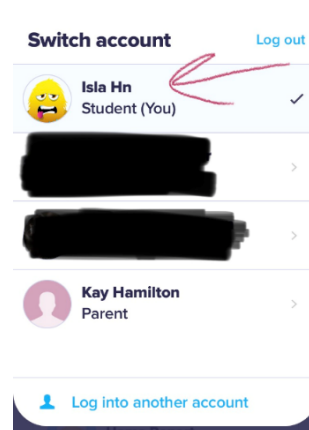

1. Go into the app and switch user to your child's account.

- In the top left hand corner is current user.

Click on this:

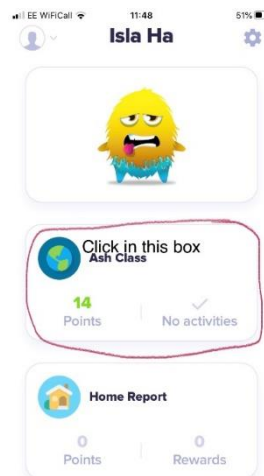

2. Click on your child's name:

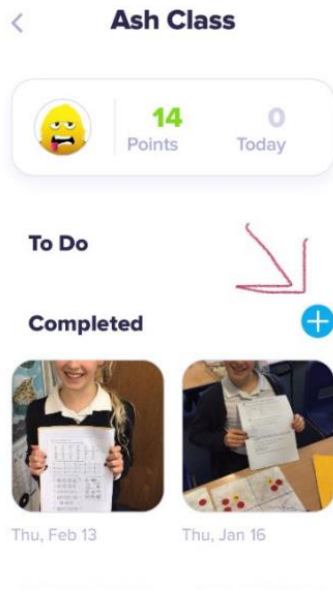

3. It will open to this page.

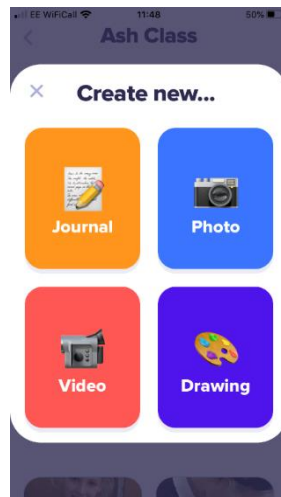

Please then click inside the box:

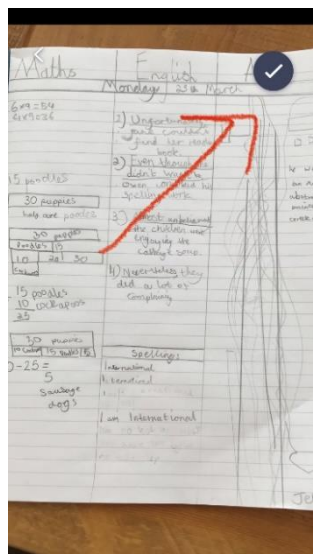

4. Then click on the blue plus sign on the right hand side:

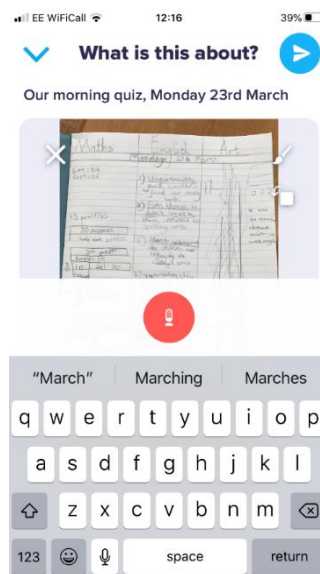

5. Then you can choose what media type you would like to upload.

6. Press the photo icon, take a photo of your child's work and then press the black tick in the corner.

7. You can then write something about the work if you wish.

8. The work will come up as 'pending'. Your teacher will get a notification every time you upload something and approve it so it will go on their portfolio.
